**Subject:** Hot Issues - Houston, TX and Baton Rouge, LA

Good afternoon all,

Thanks for getting me the hot issues for New Orleans.

The RA is still on the road for the next week. He'll be speaking about the Clean Power Plan at the Power Plant Management & Generation Summit in Houston, TX on 10.27.2015 and then he'll be speaking at the LA Section Air and Waste Management Meeting in Baton Rouge on 10.28.2015. The audience for the Power Plant Management & Generation Summit is industry heavy. Secretary Peggy Hatch will be at the LA AWMA Meeting. I imagine many of the New Orleans hot issues can be used for the Baton Rouge ones.

If you have any hot issues for these two events, please send them in the We Care format by **Noon on Thursday, 10.22.2015.**

Thanks again for all your help!
